Sharon Norton, BS, RN, CPHQ
Mary O'Connell, MPA, RN, CPHQ
Carol Vosburgh, BSN, RN
Sandra E. Ward, MA, MS, BSN, RNC, CPHQ, CPUR

PROGRAM

Our keynote speaker Karen Heller, SVP Health Economics and Finance, Greater New York Hospital Association, (GNYHA), will present Quality-Related Provisions in Federal Health Reform; a timely topic in the healthcare arena today.

Cutting edge quality initiatives achieve changes in culture that lead to dramatic improvement in patient care safety, surgical care outcomes and Infection Management.

The TeamStepps methodology, rolled out in a healthcare system, is a genuine highlight of the conference.

Attendees at this conference will:

- Be briefed on provisions in the national health reform bill that tie payment to quality, including value-based purchasing, readmission penalties, hospital-acquired condition penalties, and geographic variation.
- Learn about the role of TeamSTEPPS (TS) in promoting quality and patient safety
- Understand the process of TeamSTEPPS implementation
- Discuss organizational success factors for implementing TS
- Learn how a Magnet-recognized facility comes together to face challenges in improving Surgical Care outcomes: Good, better, best—never let it rest until good is better and better is best!
- Understand that “hospital leadership support” and “buy-in” from ancillary staff is key to rapid and sustained success in decreasing hospital-acquired MRSA
- Be educated on “Patient Safety Fridays” achieving the goal of becoming a “high reliability organization”

*Approval for 5.25 CE hours for
CPHQ re-certification by the HQCB is pending*
